

INSURANCE POLICY DOCUMENT — POLICY ID: P003

Policy Classification: Standard Two-Wheeler Comprehensive Motor Insurance Policy **Issued By:** SecureShield Automotive Insurance Corporation **Target Object:** Insured Two-Wheeler / Registered Motorcycle / Motor Scooter
Regulatory Status: Active Legal Framework for Two-Wheeler Claims Underwriting

SECTION 1: SCOPE OF COVERAGE & INSURED PERILS

This two-wheeler motor insurance policy provides localized financial indemnity and liability protection against specific insured hazards causing direct damage or total loss to the covered motorcycle or motor scooter. The policy actively covers the following explicitly defined perils:

- Accidental Crash Damage:** Financial compensation for direct physical damage, frame distortion, panel breakage, or mechanical breakdown resulting directly from skidding, road collisions, or accidental impacts.
- Total Vehicle Theft:** Complete vehicle replacement value or asset loss mitigation if the two-wheeler is stolen, burgled from locked premises, or subject to unrecovered grand theft.
- Third-Party Property & Injury Liability:** Mandated legal protection covering financial damages caused by the insured two-wheeler to external third-party properties or accidental injuries to third-party individuals.
- Natural Disasters & Calamities:** Comprehensive protection against severe structural damages caused by localized flooding, lightning strikes, earthquakes, hurricanes, or falling trees.

SECTION 2: COMPREHENSIVE COVERAGE LIMITS & LIABILITY CAP

The liability of the insurance corporation is strictly capped up to the individual policy schedules listed below. Expenses stretching past these explicit limits must be settled directly by the policyholder.

- Accidental Crash Repair Limits:** The maximum payable financial liability limit for active repairs, engine casing fixes, and body panels per crash incident is capped strictly at **Rs. 150,000 (One Lakh Fifty Thousand Rupees)**.
- Total Vehicle Theft Payout Limits:** In the event of confirmed theft or constructive total loss where restoration is impossible, the maximum indemnity payout is legally capped at **Rs. 120,000 (One Lakh Twenty Thousand**

Rupees).

- **Accessory & Cosmetic Upgrade Limits:** Damage caused to high-end fiber parts, non-standard mirrors, or customized external cosmetic modifications is capped at **Rs. 20,000 (Twenty Thousand Rupees)**.
- **Third-Party Property Damage Cap:** Legally mandated third-party property remediation payouts are capped up to a maximum threshold of **Rs. 100,000 (One Lakh Rupees)** per event.

SECTION 3: POLICY EXCLUSIONS & NON-PAYABLE CLAIMS

The corporation is not legally liable to authorize payouts or provide any repair clearances under this policy if the claim directly implicates the following strict exclusions:

- **Helmet Non-Compliance:** Any injury claims or associated physical asset damage claims are void if the rider (or designated pillion rider) was operating the vehicle without full regulatory helmet compliance during the crash.
- **Professional Stunts & Competitive Testing:** Absolute exclusion of coverage applies if the two-wheeler is utilized in stunts, wheelies, drag racing, speed testing, off-road rallies, or organized track events.
- **Commercial Sub-Leasing & Rental Operations:** Rejection of claims if the private two-wheeler was rented out, sub-leased to third-party delivery agents, or used as a commercial bike-taxi without a commercial endorsement.
- **Hydrostatic Lock & Inundation Abuse:** Claims for engine failure caused by repeatedly crank-starting the engine while the vehicle is submerged in deep water logging or active flood conditions.

SECTION 4: MANDATORY CLAIM REQUIREMENTS & DOCUMENTATION

To successfully initiate, validate, and verify an active two-wheeler insurance claim evaluation process, the claimant must present the following verified documentation:

1. **Active Driving Licence:** Presentation of an authentic driving licence explicitly authorizing the operation of geared or non-geared motorcycles matching the vehicle class.
 2. **Original Keys Submission:** For unrecovered vehicle theft claims, the claimant must surrender all original keys provided by the manufacturer to rule out negligence.
 3. **Spot Surveyor Verification Log:** A certified damage log and pictorial validation report generated by an official company surveyor at the crash site or network garage.
 4. **Regional Transport Office (RTO) Theft Notification:** Official documentation proving that the local RTO has been legally notified regarding the unrecovered status of the vehicle.
-

SECTION 5: GENERAL CLAIMS PROCESSING & EVALUATION RULE

All submitted two-wheeler claim applications undergo automated risk scoring and policy coverage validation parameters.

All coverage validation parameters are strictly subject to the stated incident limits, explicit policy exclusions, and strict claim requirements documented above.

Regulatory Disclaimer: Any automated or AI-generated recommendation (such as APPROVE, REJECT, or REFER) should not be treated as a definitive or final claim decision. A certified human claims handler and authorized insurance underwriter must thoroughly review the generated recommendation, examine the associated evidence logs, and execute the final authorization.
